Profile

A logical and creative thinker who enjoys learning new languages, frameworks, and technologies in general. excited to be part of the future of the technology industry and my outstanding organizational skills will play an essential role to keep code DRY and as re-factored as possible. The satisfaction of solving problems is what drives me to be a better programmer. A business background combined with the entrepreneurial spirit can be utilized for aligning profitable goals when programming. Passionate about sports, the outdoors, exercising, being a dad of my three beautiful children and exploring the world with my fiance .
